

**The Glen Isle Improvement Association (GIIA)**

**WANTS YOU**

**for the**

**IVY ARMY!**

**Why do we need an Army and what needs to be done?**

**Ivy growing on trees chokes the tree and kills it.**

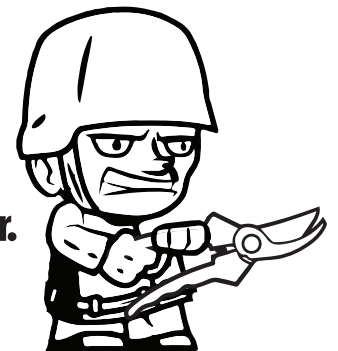

**The loss of our trees reduces our "protective canopy" and increases soil erosion and soil deposits in the river.**

**The solution is relatively simple.**

**Cut the ivy away from the ground and 3 feet up the tree and remove.**

**Be on the lookout for a very brief survey so we can baseline the number of trees on each property.**

**That will assist us so we can develop a strategy to win the**

**WAR ON IVY!**
